HELTON'S SPRINGS, N. C., Sept. 28.

"Helton's Springs" is a new name to most of your readers, but, if the signs are not deceptive, it will not be always new.—Two short miles from the enterprising shoe manufacturing town of Thomasville, Davidson Co., N. C., there exists a very fine Chalybeate Spring, on the land of Mr. Helton, an old citizen of the County. The water was analyzed by Prof. Emmons, in his time, and gave, as the result of one quart of the water,—(I will omit the chemical notation, and give it in a plain translation)—About a grain and a half of Protoxide of Iron, a fourth of a grain of Lime, a half grain of Magnesia, and five-tenths of a grain of Organic matter—in all, nearly three grains of medicine to every quart of water.)

Of course, as iron is the largest ingredient, it is emphatically an iron or Chalybeate Spring, and useful in all cases where iron, as a tonic, is needed for the system.

Many waters have medicinal properties, but the mineral is dissolved by muriatic and sulphuric acid, and where this is the case, the medicinal mineral does no good, simply because the system does not get hold of the medicine. The medicine must be separated from the acid before it can be used to any benefit by the system.

This is not the case with the water of "Helton's Spring." But little trace of these acids are discernible in the water. The Iron, Lime, Magnesia, and other matters, are in an independent form, and are easily and readily taken up by the digestive organs, and the benefits are secured, and that in a short time.

Mr. Helton has always objected to any publicity in "the papers," for his spring, for the reason that he has never been able to build a house suitable for entertaining visitors. But the thermometer is up now, and he *thinks* of building by next summer; and then he proposes to let the world know his whereabouts. I tell him the *Sentinel* is the very best horn he can use; it is almost as penetrating as the whistle of Sir Roderick Dhu.

It is a singular fact that there is not, at present, a single watering place on the N. C. R. R. If there was one, especially within two miles of the Rail Road, it would be well attended, for the reason that it would be so very accessible to the traveller.

If the owners of the place put up a plain, but commodious establishment, so that they can afford to admit invalids at such rates as the average purses can afford, they will confer a favor on the sick and suffering. But the fear is that the place may pass into the hands of a man "with capital"; then come the saloons, and the roast beef, and the chandeliers, and the brass band, silk dresses, Saratogas, "fantastic toes," Madame Demorest, "rats," and all such tom-foolery, and then farewell to common sense and lean purses!

A CHANCE FOR AN INVESTMENT.

I have written, in a former communication, of the manufacture of *Shoes* in Thomasville, in this county. There is a fine opening there for a *Boot* factory. At present, there are two houses heavily engaged in making the ordinary line of men's brogans, men's balmoral shoes, women's balmoral shoes, boys' and children's shoes, of the substantial grades, intended for real service. But there are two articles in the line, which are not made in Thomasville, but both are seriously needed and demanded—the one boots, and the other ladies' dress shoes.

Like other avocations, the manufacture of shoes is best carried on by a division of labor. The fixtures for making boots are separate and distinct from those required for shoes. A separate establishment is best. The same thing is true of the manufacture of ladies' shoes, the fine grades of gaiters, etc. These two branches of the business lie outside of the best interests of the factories now established in Thomasville. And no one would hail the erection of such factories more than the two firms now in operation. They are busily at work at their own grades, and have to keep busy to fill their orders. But the above are needed to fill out the varieties. When men go to Thomasville to buy the varieties now made there, they would buy boots and ladies' dress shoes and gaiters, if they were there.

Two good firms, with a capital, each, of ten thousand dollars, could do an excellent business in their two separate departments. And Thomasville is the best place in the State, for these things ought to be together, so that the buyer could get his whole stock on one trip.

LEATHER BOARDS.

I have learned some secrets about the shoe business, or rather new items to me. In the North, there is an article called "leather boards." The manufacture of it is a proof positive of genius, and, I might add, of rascality, if the word is not too harsh.

The scraps of leather, which accumulate about a shoe factory, are carefully gathered up and ground into a pulp, after the fashion of paper-mill pulp, mixed with some stickey substance, and spread into sheets, and dried and pressed into leather boards. This is used in making shoes for "the trade." Of course, as soon as this *patent* leather gets wet, away goes the shoe, like a paper collar in August. The wagon loads of these scraps that lie about the yards of the Thomasville shoe factories show that leather boards find no favor there.

"PAN CAKE."

This is another variety of patent leather. People who are practical enough to be acquainted with the *currying* department of a tannery, are aware that the currier cuts off a great many *shavings* from the flesh side of leather, as he is preparing the skins.—These shavings are spread out on boards, and layer after layer is put on, with paste well mixed in, until a sufficient thickness is gained; then it is put under a press and squeezed, until it comes out a variety of leather called *pan-cake*. This is also used for making shoes for "the trade," as they call it. We in the South get some of these shoes. The Thomasville shoe factories are conducted with open doors, and it is perfectly apparent that *leather* is used—the real article. I asked a dealer, lately, in my travels, why he bought *Thomasville* shoes in preference to others. He said, "*because they are the best I can find.*"

"A KEY TO SOME OF OUR TROUBLES."

My eye was caught very lately by a circumstance, which serves as a key to the ceaseless depletion of Southern finance. It is of hourly occurrence. As I passed a certain drug store, I observed the employees of the house opening two large boxes of tin cans for holding coal oil. The druggists appeared to do a very lively business in this article. The boxes contained perhaps one or two hundred cans, and evidently came from abroad. Two doors from this drug store, there is a good tin manufactory; and across the street another—both prepared to do a good business; with good workmen and plenty of tin.

Why did not the druggist get one of these houses to make his two hundred tin oil-cans? These Southern tinners buy their tin from the same place at which the Northern tinner buys his, and at the same price. Is the druggist unwilling to patronize the tinner? If so he is to blame. Is he unable to get the Southern tinner to furnish the vessels as low as the Northern tinner? If so, the Southern tinner is to blame, for his rents are lower and other expenses are lower, and he ought to be able to work for less than those who have high rents to pay, high fuel and high food. The time has come when it behooves us to look to our interests, and this is effectually done by taking care of one another. He who seeks to array a section or a race against another is an unworthy citizen. But every true man will seek his neighbor's interests.

"A SOUTHERN WASHING MACHINE."

This upper country has lately been canvassed by the Patentee of a new washing machine, invented and manufactured by Mr. T. Elder, Chester, South Carolina. Its leading points are extreme simplicity and efficiency. I never saw a more simple construction. It cannot easily get out of order, for there is too little complicity about it for that. It will wash six shirts in five minutes. I saw it done, and done well.—It is recommended by the Editor of the Chester *Standard*, who states that, after using one for three months, he is fully convinced that it is the best machine in use for cheapness, durability, ease and simplicity.

"A KEY TO AN EDITOR'S TROUBLES."

I have often observed Editors replying to certain complaints from subscribers, about not getting their papers. I can tell you the reason, in some instances at least. There often hang about a country "Post Office and store," a lot of persons whose time is not very fully occupied, and, to fill up the time, they are considerably on the look out for news from foreign parts. The mail arrives, and is opened, and if the subscribers to papers are not on the spot, their papers begin to be looked at and fingered, and read, and laid about, a half a day or so, and at last they spirit away. The subscriber writes to you, instead of the Post Master. You once asserted that you thought you had the best mailing clerk in the State, or something of the kind. I think your mailing clerk a toast in his line. I know that, in some cases at least, the *Sentinel* gets to its destined Post Office, but not to the right persons. If your correspondent is troubled much oftener in this department, he has serious thoughts of consulting a certain patient doctor, who some times treats cases outside of the medical profession.

You will hear from me next in a degree of longitude somewhat west of this Spring.

THURSDAY, OCTOBER 3, 1867.

STATE CONVENTION.

It is important that every voter in the State should understand who are eligible to a seat in the State Convention, to make a State Constitution, and what Congress demands, by the Reconstruction Acts, that a Constitution shall be, to be acceptable. We, therefore, append the following section of the Reconstruction Act, passed March 2nd, 1867:

SEC. 5. *And be it further enacted*, That when the people of any one of said rebel States shall have formed a constitution of government in conformity with the Constitution of the United States in all respects, framed by a Convention of delegates elected by the male citizens of said State, twenty-one years old and upwards, of whatever race, color or previous condition, who have been resident in said State for one year previous to the day of such election, except such as may be disfranchised for participation in the rebellion, or for felony at common law; and when such constitution shall provide that the elective franchise shall be enjoyed by all such persons as have the qualifications herein stated for electors of delegates; and when such constitution shall be ratified by a majority of the persons voting on the question of ratification, who are qualified as electors for delegates; and when such Constitution shall have been submitted to Congress for examination and approval, and Congress shall have approved the same; and when the said State, by a vote of its legislature, elected under said constitution, shall have adopted the amendment to the Constitution of the United States, proposed by the Thirty-ninth Congress, and known as article fourteen; and when said article shall have become a part of the Constitution of the United States, said State shall be declared entitled to representation in Congress, and Senators and Representatives shall be admitted therefrom, on their taking the oath prescribed by law; and then and thereafter the preceding sections of this act shall be inoperative in said State: Provided, That no person excluded from the privilege of holding office by said amendment to the Constitution of the United States shall be eligible to election as a member of the Convention to frame a Constitution for any of said rebel States nor shall any such person vote for members of such Convention.

It will be seen, from the above, that Congress requires, first, that the new Constitution shall be formed in conformity with the Constitution of the United States in all respects—that said Constitution shall provide that the elective franchise in this State shall be enjoyed by such persons as have the qualifications required of all those who are allowed to vote for delegates to the Convention, i. e. all males twenty-one years of age, *without regard to color*, residents of the State for one year, and who are not disfranchised by the Reconstruction Acts, &c. Every reader can understand the above.

By an Order of Gen. Sickles, every person, having the qualifications to vote for a delegate to the Convention, is declared eligible to be a delegate, if elected.

The following sections from the Supplemental Act, No. 1. to the Reconstruction Act demand careful attention.

SEC. 4. That the commanding general of each district shall appoint such loyal officers or persons as may be necessary, not exceeding three in each election district, in any State, to make and complete the registration, superintend the election, and make return to him of the votes, lists of voters and of the persons elected as delegates by a plurality of the votes cast at said election; and upon receiving said returns he shall open the same, ascertain the persons elected as delegates according to the returns of the officers who conducted said election, and make proclamation thereof; and if a majority of the votes given on that question shall be for a convention, the commanding general, within sixty days from the date of election, shall notify the delegates to assemble in convention at a time and place to be named in the notification, and said convention, when organized, shall proceed to frame a Constitution and civil government according to the provisions of this act, and the act to which it is supplementary; and when the same shall have been so framed, said Constitution shall be submitted by the convention for ratification to the persons registered under the provisions of this act, at an election to be conducted by the officers or persons appointed by the commanding general as herein-before provided, and to be held after the expiration of thirty days from the date of notice thereof to be given by said convention, and the returns thereof shall be made to the commanding general of the district.

SEC. 5. That if, according to said returns, the constitution shall be ratified by a majority of the votes of the registered electors qualified as herein specified, cast at said election, at least one-half of all the registered voters voting upon the question of such ratification, the president of the convention shall transmit a copy of the same, duly certified, to the President of the United States, who shall forthwith transmit the same to Congress, if then in session, and if not in session, then immediately upon its next assembling; and if it shall moreover appear to Congress that the election was one at which all the registered and qualified electors in the State had an opportunity to vote freely and without restraint, fear or the influence of fraud, and if Congress shall be satisfied that such constitution meets the approval of a majority of the qualified electors in the State, and if the said constitution shall be declared by Congress to be in conformity with the provisions of the act to which this is supplementary, and the other provisions of said act shall have been complied with, and the said constitution shall be approved by Congress, the State shall be declared entitled to representation, and Senators and Representatives shall be admitted therefrom as herein provided.

When the Commanding General orders the election of a Convention, he will order, first, a box at each precinct, in which the eligible or registered voters will put a ballot, written or printed, "for a Convention," or "against a Convention." This does not mean that every voter shall put in this box a ballot, either "for" or "against a Convention." If the voter have conscientious doubts about a Convention to make a new Constitution for the State, he may or he may not vote at all, in that box, as he may choose. Secondly, there will be another box, in which each qualified voter may put a vote for the person or persons he wishes to represent him in the Convention.

To secure a Convention, a majority of the registered voters must vote, and a majority of that number must, of course, be in its favor. It is understood, that the Convention has failed in Louisiana, and, as the supposed Radical majority in that State exceeds by several thousands the entire Conservative vote, it is plain that the Convention, if defeated, will be defeated by the Radicals. In Alabama the Radical vote much exceeds the supposed Conservative vote. The voting in Mobile indicates a defeat of the Convention in that State; if so, the fault must be at the door of the Radicals. The same game may be played in this State.

COTTON, tax unpaid, was sold in this City, on yesterday, at prices ranging from sixteen to seventeen cents per pound.

THE SOUTHERN ELECTIONS.

The election in Louisiana, it is already known, under the reconstruction acts of Congress, took place on Friday and Saturday last. That in Alabama commenced on Tuesday and will be completed to day.—Virginia votes on the 22nd. inst., and Georgia on the 29th., 30th. and 31st. of the present month.

In Louisiana, the decided probability is that Convention has failed, for the want of a sufficient vote to validate it, under the law, and that the reconstruction bills, therefore, so far as that State is concerned, have been laid upon the shelf. According to the registration returns for that State, there were registered 44,737 whites and 82,907 blacks,—making a total of 127,644. If a majority, or say 64,000, of that registered vote had been polled, Convention would have been secured. The blacks, alone, to say nothing of the Northern and native white Radicals, had it in their power to cast this number, with nearly 19,000 to spare.—Why did they not do it? Why have they defeated reconstruction in Louisiana?—"*Aye, there the rub!*"

MARSHAL SOULT.

It is said that History repeats itself. It some times does it on a small scale. Look on this picture—which we find in an old magazine—and then on some of modern date; and North Carolinians will readily trace the resemblance:

"His character speaks for itself. He was of all things, and pre-eminently a time server. If proof were wanting otherwise, it would be abundantly found in this, that he immediately (after Napoleon's expulsion to Elba) became a warm supporter of the Bourbons, that he set on foot the sequestration of the property of the Bonaparte family, and that he even caused to be brought before a Court-Martial one of his old brethren in arms, Excelmans, for having written a warm letter to Murat. * * *

"But Napoleon returned from Elba on the 8th, of March, 1815. Soult, in his official capacity, issued an order of the day, in which his old master was treated as an "adventurer" and an "usurper." In spite, however, of this strong language, the King suspected and dismissed him; not without reason; for on the 25th. Soult presented himself to Napoleon, was received with great favor, was named head of the staff, and in this capacity issued another order of the day, in which the "usurping adventurer" became once more the "great man." This however, did not long continue. As soon as the ruin of the "great man" was consummated, he published a memorial in his own justification, a most mean and unworthy document, in which he treated Napoleon with great contempt, and professed towards "that man" a perfect hatred. His protestations nevertheless did not avail him. He was condemned to exile, not was it till 1819, that he was allowed to return to France.

"Under Charles X, Soult, with what we fear must be called his now habitual hypocrisy, assumed a new character. The king, to atone for the sins of his youth, having thrown himself entirely into the hands of the priests, the old soldier, to pay his court, became apparently exceedingly devout.—He even went so far as to carry tapers in public processions.

"It is unnecessary to say much in summing up the character of the Marshal. He was a first rate soldier (of fortune?) and nothing more. As a statesman he did little else than follow the suggestions of others. His oratory was wretched, * * * as to patriotism, he had none. Principle too was unknown to him. He was ever the ready servant of the powers existing for the moment; he was always among the first to desert them when they fell."

IN THE ESTABLISHMENT and security of Peace, when it shall be vouchsafed to a people who long for it so ardently, and who have done everything in their power to promote and secure it, North Carolina, next to Virginia, will be first of the Southern States to enjoy the return of prosperity. If we put forth strenuous exertions, now, in anticipation of the time when Peace *shall* bless us with its presence, we shall be in position at once to realize its benefits. We have sought every opportunity to make known the resources and capabilities of North Carolina and its accessibility to market. We shall be glad to devote still greater space and more time to such discussions, to the exclusion of much of the political matter that fills our columns; and to that end we invite correspondence from every part of the State.

THE PROPOSISITION to hold a Conservative Mass Meeting, in this City, on next Saturday week, is received with great favor by our friends in the country, so far as we have been able to learn. There is every reason to believe that we will have a grand rally of the friends of Constitutional Union and of the enemies of ultra-Radicalism.—Prominent gentlemen, as heretofore announced, will address the people.

The Bedford (Pa.) *Gazette* thus illustrates the working of the Radical law forcing negroes into the cars with white men:

"A friend of ours relates that as he was traveling from Philadelphia to Huntingdon, a few nights ago, he took a berth in a sleeping car, and when about retiring, his attention was attracted by loud talking and scuffling on the platform of the car. The ticket agent had refused to to sell the darkey a ticket, and the colored gentleman was trying to force his way into the car without the requisite piece of stamped pasteboard. A policeman came up, however, and settled the business by telling the ticket agent that, under the law, if he refused to sell the negro a berth ticket *on account of color*, he would be amenable to a fine of *five hundred dollars* and subject *to pay a like sum to the negro upon action for debt!* This had the desired effect, and the African was handed the coveted ticket. It so happened, however, that but one berth was vacant, and that was half of a double berth partly occupied by a white man. The negro divested himself of hat, boots, coat, and vest, and proceeded to appropriate his half of the double berth. White man, who had been dozing, turned around, looked at the newcomer, rubbed his eyes, looked again, and then came such a kicking, tumbling, sprawling, and mixture of white and black generally, as would have done any amalgamationist's heart good. About this time the conductor appeared upon the scene, and the result was that the negro, with ticket in hand, tumbled into bed, whilst the white man, growling anathemas at the party he himself had helped to place into power, doggedly put on his clothes and went forward to sit with wrenched back and cramped legs in the passengercar, ruminating on the beauties of Radical legislation."

From the N. Y. World.

THE ELECTIONS NEXT WEEK.

The States in which general elections are to be held next week are Pennsylvania, Ohio and Iowa. Particular interest is felt in them from the fact that the results are supposed to foreshadow, in a measure, the results of the elections in November. In every instance the issues are squarely stated, always excepting the underhanded policy of the radicals, which seeks to dodge the questions of local interest in the hope that the ignorance to which they appeal will comprehend nothing beyond the general idea of a conflict of views on reconstruction between the President and Congress.

In Pennsylvania the only officer to be chosen by the State at large is the Chief Justice of the Supreme Court, George Sharswood being the Democratic and Henry W. Williams the Republican candidate. Judging from the tone of the Pennsylvania press, there is no dispute as to the qualifications of the two candidates for Chief Justice, it being conceded that Judge Sharswood is the superior, in every respect, of his opponent. The issue is made on national questions rather than on the personal merits of the nominees. It is, therefore, important to know the drift of political sentiment in this State since the last Presidential election.—In 1864, the total vote polled was 573,707, of which General McClellan received 276,316, and Mr. Lincoln, 296,391. A year later, at the election for Auditor General, only 454,263 votes were cast, of which the Radicals obtained a majority of 22,660. Last year a Republican governor was chosen by a majority of 17,178, the total vote being 597,370. Comparing this last vote with that of 1864, the result is as follows:

	Dem.	Rep.	Rep. maj.
1864	276,316	296,391	20,075
1866	280,096	297,274	17,178

It will be seen from these figures that the increase of the Democratic vote of 1866 over that of 1864 was 13,780, while that of the Radicals was but 19,883, showing a clean gain of nearly 3,000 votes for the Democrats—an evidence that conservative sentiments were gaining ground. It must be owned, however, that in the coming election the Radicals have the advantage in possessing control of the State patronage, which they will use in every way that they believe to be to their own advantage. On the other hand, the Democratic candidate is immeasurably superior to his opponent, and remembering the change in public sentiment as evinced by the results of the elections in New Hampshire and Connecticut last spring, and the more recent ones in Maine and California, there are good reasons for believing that, with proper efforts, the Democrats will carry Pennsylvania next Tuesday. Such a consummation is devoutly wished for by good men throughout the land, and we shall be disappointed if the Conservatives of the Key Stone State leave a single stone untirned to attain so desirable a result.

The contest in Ohio is unusually exciting. The Democrats have in Allen G. Thurman a very strong candidate for Governor, particularly so as compared with his opponent, Rutherford B. Hayes. And aside from the personal merits of the candidates, the Radical platform is so redolent of the worst features of Radicalism that the people of Ohio will be false to themselves if they do not reject it by a large majority. In 1864 Mr. Lincoln carried the State by a majority of 58,586, the total vote being 470,722; yet a year later the Republican majority at the election for Governor was only 29,546, the decrease in the Democratic vote being less than 12,000, while that in the Republican vote was over 40,000. Last year a Secretary of State was chosen, but the result of the election was unimportant as compared with that of representatives in Congress.—For the convenience of our readers we append a table giving the votes of the State for the three years mentioned, that of 1866 being the vote for Congressmen:

	1864.	1865.	1866.
Democratic	205,568	193,097	214,131
Republican	265,154	223,633	254,109

A glance at these figures shows that a comparison of the votes of the State in 1864 and 1866 reveals the fact that the Radicals lost 11,000 votes, while the Democracy gained 9,000, a clear evidence that the votes by the former were given to the latter. It needs but little calculation to demonstrate that a proportionate gain at the coming election will result in a Democratic victory, which, taking into consideration the detestable platform adopted by the Radicals and the personal weakness of their candidate for Governor, is by no means the impossibility that the Radical press would have us believe.

In Iowa a full State ticket is to be chosen. The Radical majority in this State for the past three years has been so overwhelming that it can hardly be expected that it will be overcome at the approaching election. Yet it can and probably will be materially reduced, unless the reaction in public sentiment which is so manifest in New England and California be not felt in this far Western State.

The facts and figures which are presented above afford great encouragement to the Conservatives in the States of Pennsylvania, Ohio, and Iowa. One week of the campaign remains. Let them use every hour of it to the best advantage, in the full assurance that a glad reward will await them when the polls shall be closed and the returns counted. The tide of Radicalism is stayed, and nothing but the earnest efforts of Conservatives are needed to roll up a counter wave that will cheer the hearts of all who are working for constitutional principles, true liberty, and the right.

This is the last day for enrolling voters in Pennsylvania. To be entitled to vote, persons must have either paid a county tax within two years or be assessed ten days previous to the day on which the election is held.—*N. Y. Tribune.*

This law is good enough for white men in a Radical State; but if Gen. Schofield were to levy such a tax in Virginia, and disfranchise all who did not pay it, the same Radicals would make furious war upon him. There are not taxes enough paid by the negroes to support the negro paupers in the State.—*Rich. Dispatch.*

A young Scotchman named Hugh Crawford Pollok, who arrived in New York about two years since, and shortly afterwards enlisted in the Fifth United States cavalry as a private soldier, has, by the death of his father in Scotland, fallen heir to a baronetcy and $5,000 a year. Through the intercession of the late Sir Frederick Bruce, General Grant has discharged Pollok from the service. For some months past the youthful baronet had been discharging the duties of farrier of his regiment.

The negroes at Buffalo, New York, have latterly shown a determination to force their children into the public schools set apart in that city for the education of white children. The City Council having refused to grant the negroes permission, they sent their children nevertheless. The latter were rejected by the Superintendent, who is now threatened with arrest, and a suit at law under the Civil Rights bill.

The New Orleans *Crescent* of the 25th learns from a private letter that out of 500 citizens of Legrange, Texas, as many as twenty-four have died in two days of yellow fever. The average deaths are eight. On the 9th instant there were no provisions in the town, not even corn meal to make gruel.

Correspondence of the Sentinel.

ORANGE FACTORY, N. C.
Sept. 30th, 1867.

Messrs. Editors:—My attention has just been called to a letter of "H. P. H.," from Hillsboro, in your issue of the 20th. inst., in which there are some inaccuracies, which I beg to correct.

In the first place, in regard to the Chapel. The pulpit has been occupied this year by Father Henry Gray, of the M. E. Church, South, and at the expense of W. H. Willard, Esq. Others have contributed small amounts, but they were gratuitous—not in Mr. W's bargain with Father Gray.

In the second place, in regard to the Raleigh Manufacturing Co., that Company does not own a Factory in Alamance County, nor is the Woollen Machinery sold. There is a Company working the "Clover Orchard Factory," who are talking of buying the Woollen Machinery, but the trade is not yet closed.

About half the time since the close of the war, Mr. W. has kept up a private school at his own expense for the education of the children of the village. It is in operation now.

Now that I have taken up the quill, there are some others here of whom I would like to make favorable mention. I refer to Mr. Rich'd N. Taylor, who has been untiring in his exertions to build up a Sunday School, assisted by Mr. Wm. H. Hanks. The effort is a perfect success. Mr. Hanks, too, is entitled to great credit for his untiring industry, during the last two years, in teaching a class of large boys and grown men the higher branches of mathematics, after the close of their day's work.

The spinning department of this Factory is under the management of Mr. Samuel Flinton; the carding under that of Master Albert Cocke, a *protege* and student of Mr. Hanks; the machinery is in charge of Mr. Hanks.

I know, Messrs. Editors, that you will be pleased to learn that, in my opinion, no Factory in the State can make a better showing in point of morality than Orange Factory.

Truly Yours,
R. H. J. BLOUNT.

The statement of cotton receipts for the present season puts Savannah ahead of all other Southern seaports. Mobile comes next, and New Orleans third in the race.—In order to move this large supply of cotton Savannah has no less than six lines of steamships—four to New York, one to Philadelphia, and one to Baltimore.

GOVERNOR FLETCHER AND GEN. GRANT.—Governor Fletcher, of Missouri, had a lengthy interview with Gen. Grant yesterday, the result of which has not transpired; but the Governor is very emphatic in his approbation of Gen. Grant's views on reconstruction matters.—*Forney's Chronicle.*

"Why, Bridget," said her mistress, who wished to rally the girl, for the amusement of her company, upon the fantastic ornamenting of a huge pie, "why Bridget, did you do it?" "Indade, mum, it was myself that did it," replied Bridget. "Isn't it pritty, mum? I did it all with your false teeth, mum!"

NEW ADVERTISEMENTS.—Isaac Oettinger, Fayetteville Street, announces a splendid and well-selected assortment of Fall and Winter Goods. It will be seen that he is determined to be behind none of our Merchants in the variety and excellence of his stock. Give him a call; you will find him accommodating and liberal.

Mrs. Isaac Oettinger will have a general opening of Millinery, Ladies' Dress Goods, &c., on the 10th., at her rooms above Mr. Oettinger's store. We invite attention to the attractive announcement which she makes this morning.

See Ordinance of the City Commissioners concerning "Nuisances."

Prof. Charles O. Pape, Hillsboro, well known as an accomplished Musical Artist, has established a General Musical Agency in that town. His card will explain his objects. The Professor's reputation, backed by the best references in the State, is a sufficient guarantee of all that he may undertake in his profession.

OUTRAGE AND MURDER.—We are informed that the body of a colored man was found near Selma, Johnston County, a few days ago, who had evidently been murdered. The colored man, and several others, (some whites,) had been drinking, and left Selma together. The supposition is that their intoxication led to a quarrel and the murder was the result. We hope the guilty parties may be arrested. Efforts are being made to effect their detection.

"ITINERANT" gives us an excellent letter, on the first page, this morning. We shall hear from him repeatedly. His practical, sensible letters are read with general interest.

THE WESTERN EXTENSION.—It will be remembered that, at a late meeting of the Directors of the Western N. C. R. R., it was determined to let out to contractors the work on the east side of the French Broad branch, as soon as the right of way was obtained from the land-holders on that line.—Maj. Wilson, Chief Engineer, and N. Kelsey, Esq., were requested to visit the people with a view to securing that object.

We are gratified to learn, in a private note from Mr. Kelsey, that their mission was successful. They were able to obtain the right of way from all but three persons.—We trust, therefore, that the road will be put under contract at once. No doubt it will be, if the indefatigable President, Col. Tate, succeeds in his financial arrangements at the North, as there is reason to hope that he will.

JOHN ROBINSON'S SHOW.—The fourth and last entertainment of John Robinson's combined Circus and Menagerie was given last night. No similar performance has ever before met with such liberal patronage from our citizens, and nothing of its kind, we believe, has given more general satisfaction. The veteran proprietor of this great show, years ago, established for himself throughout the South a high reputation as a caterer for the wonder-seeking and amusement-loving public, and he seems to keep up with the times in his ambition to make his show more attractive than ever before.

The collection of animals is not large, but no finer specimens or rarer species of the animal kingdom have ever been on exhibition in this City. The performing elephant "Empress," the Polar Bear, the Bengal Tiger, the African Ostrich, are most prominent in the Zoological department; but, in addition to these, there are some beautiful leopards, birds of gaudy plumage and monkeys in great variety.

The Circus is very extensive—the horses very fine, and the riding, leaping, &c., equal to anything heretofore witnessed in Raleigh. The riding of Miss Alice, the celebrated equestrienne, is especially fine; nothing that has been witnessed in other like exhibitions can favorably compare with her magnificent act. Mr. Sloman, with his globe on horseback, displayed wonderful skill. Mr. Johnson, on the tight-rope; Messrs. Lowlow and Osborn, with the chair-perch; Mr. Henry Bernard in his double somersault; Little Alice and Master Willie, as juvenile equestrians, and the colored boy Lewis, went through their various acts in the most satisfactory manner.

The rapidity with which one act followed another in the ring, is also to be commended, and reflects great credit on Mr. J. F. Robinson, jr., who has especial charge of this department. The ushers are polite and attentive to the ladies and children. The Business Manager is Mr. W. H. Hough, who is thoroughly posted in his duties, and performs them in a manner at once calculated to please all that have transactions with him. Mr. G. N. Robinson is the Treasurer, and a more expert ticket seller and ready reckoner, we ("the Local") have never seen.

We doubt not that this show will continue to meet with success throughout the South.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION of Raleigh, N. C., take this method of announcing to the Christian public their operations, in part, during the last year.

The Association was re-organized more than two years ago, and had in view three main objects:

1. To afford to the young men of the city the restraints of Christian intercourse and connection; to furnish such means of entertainment as may lead them from haunts of vice and dissipation; and to give to all, but especially to strangers who desired such companionship, the opportunity of uniting in works of good, with the moral, the temperate and the religious.

2. To draw together those of different denominations; to cultivate friendly and fraternal feelings between professing Christians; and to unite Christian effort and energy, in works of general good.

3. To offer to the citizens of Raleigh, and the Christian public, a safe channel for their benefactions; to secure a just and systematic relief of poverty and distress, and thus avoid the annoyance of street beggars; and to interest all in schemes of benevolence and charity.

It has come far short of these ends, yet it has accomplished a great deal. There are nearly fifty names on the roll of members, though the working element includes hardly a fourth of the number. The chief labors of the Association have been directed to the relief of the poor; and the past winter having been unusually severe, there was great need for the help thus afforded. The citizens of Raleigh promptly responded in a time of greatest urgency, and but for their timely aid, the operations of the Association must have been suspended. Frequent and generous contributions were sent to the poor, and distributed through this channel, from distant cities and friends. The officers of the Bureau for Freedmen and Abandoned Lands, together with other United States officers in command, or tarrying here, have been especially kind and liberal, and ready to aid the schemes of the Association. The Bureau furnished, through the Association, many families with rations during the season of greatest pressure.

The Young Men's Christian Association is glad, therefore, to take this opportunity of remembering the confidence reposed in it, and the substantial assistance rendered to it, in its work; and of thanking those who have liberally sustained it.

The following items, gathered from the Treasurer's Report, may be interesting:

Receipts from Contributions	$491 70
Receipts from Lectures and Concerts	451 60
Receipts in other ways	206 75
	$1350 05
Expenses for Provisions	586 72
For Wood	533
Expenses in Lectures, Printing and other ways,	223 35
Balance on hand	6 98
	$1350 05

It must be remembered, that, in addition to this, wood, provisions (through the Freedmen's Bureau) and clothing were contributed to the Association, and given to the needy. More than sixty families have been relieved by these operations, many of whom were extremely destitute, and some utterly so.

As the season approaches when demands will be made upon the Association for help, the encouragement and aid of all who sympathize with its efforts are solicited. Young men, especially, who desire to be useful in this way, and those who wish to be united with us in our objects, are welcomed to join.

The next regular meeting of the Association will be held on Monday evening, Oct. 7th, 1867, at 7½ o'clock, at the Session House of the Presbyterian Church.

WM. S. LACY, PRESIDENT.

THE LATE HON. R. M. SAUNDERS.

RALEIGH, N. C., Oct. 1st, 1867.

A meeting of the Bar of Wake county was held in the Court House, to-day, immediately upon the adjournment of the Court, for the purpose of adopting resolutions, expressive of their sense of the loss sustained by the legal profession in the State, and the public, in the death of the late Hon. R. M. SAUNDERS.

There were present, besides a number of the citizens of the county, the following members of the Bar:

Hon. D. G. Fowle, Hon. W. A. Graham, Hon. Thos. Bragg, B. F. Moore, Esq., Geo. W. Mordecai, Esq., Hon. S. F. Phillips, Hon. S. H. Rogers, and Messrs. J. B. Batchelor, E. G. Haywood, William A. Jenkins, Q. Busbee, R. G. Lewis, M. A. Bledsoe, J. J. Davis, W. H. Jenkins, J. W. Graham, Chas. M. Busbee, T. P. Devereux, jr., Geo. Whiting, and R. H. Battle, jr.

On motion of Gov. Bragg, the meeting was organized by the election of Geo. W. Mordecai, Esq., as Chairman.

R. H. Battle, jr., was elected Secretary.

The Chairman, having explained the object of the meeting, on motion a committee was appointed to draft suitable resolutions. The committee, consisting, by the appointment of the chair, of Gov. Bragg, Gov. Graham, Judge Fowle, B. F. Moore, Esq., and Hon. S. H. Rogers, through the Chairman, Gov. Bragg, reported the following:

THE HON. ROMULUS M. SAUNDERS, late one of the Judges of the Superior Courts of North Carolina, departed this life, at his residence in the city of Raleigh, on the 21st. day of April, 1867.

The members of the Bar, now in attendance upon the Superior Court of Wake, in meeting assembled, as a mark of respect and regret, due alike to the memory of the dead and the feelings of the living, do resolve as follows:

1. That the long, varied and able services of the deceased, in many important trusts, and his high position in the ranks of the profession to which we belong, identified him in an eminent degree with the history of the State for the last half century, and marked him as one of her worthiest and most distinguished citizens.

2. That whilst, from his advanced years and long suffering from severe disease, his death was not unexpected, yet its announcement was received by us with feelings of unfeigned sorrow and regret.

3. That, as a further mark of respect to the memory of the deceased, these resolutions be presented to the Superior Court of Wake, now in session, with a request that the same be entered upon the records of the Court.

4. That, in token of our sympathy with the family of the deceased, a copy of these resolutions be communicated, by the Chairman, to Mrs. Saunders.

After some appropriate remarks from B. F. Moore, Esq., eulogistic of the character of the deceased, in public station and private life, the resolutions were unanimously adopted.

It was then, upon motion, directed that copies of these proceedings be furnished the press of the city for publication, and the meeting adjourned.

GEO. W. MORDECAI, *Ch'm.*

R. H. BATTLE, jr., *Sec'y.*

Upon the re-opening of the Court, the Attorney General, Mr. Rogers, read the above resolutions, which were, by order of His Honor, Judge Fowle, ordered to be spread upon the minutes.

IT has been deemed proper to call upon you to send delegates to a meeting to be held with the first African Church in Goldsboro', on Friday before the 3rd Sunday in October, for the purpose of organizing a general association of the colored Baptists of this State. Each Church composed of colored Baptists, and every Church that has a colored membership, are requested to send two delegates to this meeting. We deem it unnecessary, dear brethren, to do more than to call your attention to the importance of some such organization as we propose forming. Comprising the following great Freight Routes:

THE POWHATAN

Steamboat Company's Freight Line of Steamers,

PETERSBURG AND WELDON,

RALEIGH AND GASTON,

NORTH CAROLINA,

WESTERN NORTH CAROLINA,

WILMINGTON AND WELDON,

ATLANTIC AND NORTH CAROLINA,

WILMINGTON AND MANCHESTER,

CHARLOTTE AND SOUTH CAROLINA R. R.,

And their connections.

Time Quick and Rates Low.

THIS NEW TRUNK LINE FORMS A GREAT FREIGHT ROUTE between Baltimore and Weldon, Warrenton, Raleigh, Hillsboro', Lexington, Salisbury, Morganton, Charlotte, Lincolnton Goldsboro', Newbern, Beaufort, Wilmington, Chesterville, Winnsboro', Columbia, Sumterville, Manchester, and all intermediate points on and near these great Railways and their connections.

The Powhatan Steamers connect at Petersburg with Petersburg Railway for all points in the Carolinas. Cars are run alongside of Steamers' Wharf and goods transferred with careful handling. Cars are run through without breaking bulk between Petersburg and Raleigh Charlotte, Goldsboro', Wilmington, &c. &c. This Inland Line possesses many advantages over a Sea Route. Marine risk is small and insurance is comparatively nothing. The Wharf of the Powhatan Steamers being situated in the very centre of the great shipping district of Baltimore, renders it convenient to shippers, and drayage is very small.

Great attention paid to consignments of Cotton, Corn, Wheat, Rosin, &c. &c. All produce forwarded at the lowest possible rates.

☞ To insure transportation over this Inland Fast Line mark all goods, whether Northward or Southward bound, "VIA PETERSBURG."

☞ Freight landed in Baltimore day following delivery to the Steamers.

Through Receipts are given and fixed rate per 100 pounds guaranteed both ways

☞ Rates in every case same as via Bay Line and Portsmouth to and from Baltimore, Philadelphia and New York.

N B.—With regard to last named points, freight is forwarded to and from Petersburg by Philadelphia and N. Y. Steamers.

NEW FALL AND WINTER GOODS FOR 1867.

Old Prices Reached the City and Stopped at

A. CREECH'S,

R. SMITH'S CORNER,

Fayetteville Street.

I AM NOW RECEIVING MY FALL AND WINTER Stock of

Staple and Fancy Dry Goods,

And I can say, with safety, that I have one among the largest and most complete stocks that has ever been brought to this City, either before or since the war,—embracing almost any and everything suitable for Ladies' and Gentlemen's wear.

CALICOES, 10, 12½, 15, and 18 cents per yard.

FRENCH MERINOS, 75 cts. to $1,25 per yard.

DELAINES, POPLINS, and a great variety of other Dress Goods, embracing all the new novelties of the season, and will be sold cheap enough to insure sales.

BROWN DOMESTICS, 12½, 15 and 20 cts. per yard.

BLEACHED DOMESTICS, 12½, 15, 20 and 25 cts. per yard, and all other goods in proportion.

Also, the largest and most varied stock of

CLOTHS,
CASSIMERES,
SATINETS,
TWEEDS,
AND KENTUCKY JEANS

I ever offered to the trade in this City, both as to price and quality.

Also a very fine assortment of White and Colored FLANNELS,

LADIES' CLOAKS,

BREAKFAST SHAWLS,

SQUARE AND LONG SHAWLS,

which will be sold at prices to suit my customers.

Ladies', Misses' and Children's TRIMMED AND UNTRIMMED HATS,—new styles, from 50 cents to $4,00 each.

Boots and Shoes, Boots and Shoes.

The largest and best stock I ever brought to the City, consisting, in part, of J. Miles & Sons' make, and others of equally high standing.

Ladies' Pegged Balmorals, from $1 to $2.

Ladies Sewed Balmorals, from $1,50 to $3,50.

CREECH'S is the place to come to buy your Boots and Shoes.

Hats, Hats, Hats,

From 75 cts. to $4,00. Don't stop until you come to CREECH'S to buy your Hats. In fact, I think I can meet the expectations of all my customers and the public generally, both as to price and quality of ALL Goods.

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "luck again;" some say they have "hit the nail on the head;" some "selling out at cost;" some to "make room for a new stock;" some one thing and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock,* (while *they* are still hammering away over their old stock,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good.

I told the people to come to Creech's to buy their goods, that I would serve them right. Hundreds have come, and they are still coming from this and adjoining Counties. And I here take the privilege to say, I think they have shown their good judgment.

Don't forget to come to

DAILY SENTINEL.

THURSDAY, OCTOBER 3, 1867.

ANTONY AND CLEOPATRA.

The following soul-stirring poem was written by General Wm. H. Lytle, of Cincinnati, and has already been published in the *Sentinel*. We reproduce it by special request:

I am dying, Egypt, dying;
Ebbs the crimson life-tide fast,
And the dark Plutonian shadows
Gather on the evening blast;
Let thine arm, oh Queen, support me,
Hush thy sobs, and bow thine ear,
Hearken to the great heart secrets
Thou, and thou alone, must hear.

Though my scarr'd and veteran legions
Bear their eagles high no more;
Though my wrecked and scattered galleys
Strew dark Actium's fatal shore;
Though no glittering guards surround me,
Prompt to do their master's will,
I must perish like a Roman—
Die the great Triumvir still.

Let not Cæsar's servile minions
Mock the lion thus laid low;
'Twas no foeman's hand that slew him,
'Twas his own that struck the blow;
Hear, then, pillowed on thy bosom,
Ere his star fades quite away,
Him who, drunk with conquest, madly
Hung a world at play!

Should the base plebeian rabble
Dare assail my name at Rome,
Where the noble spouse Octavia
Weeps with her widowed home;
Seek her, say the gods have told me—
Altars, augurs, circling wings—
That her blood, with mine commingled,
Yet shall mount the throne of kings.

As for thee, star-eyed Egyptian,
Glorious sorceress of the Nile,
Light the path to Stygian horrors
With the splendors of thy smile.
Give the Cæsar crowns and arches,
Let his brow the laurel twine,
I can scorn the Senate's triumphs,
Triumphing in love like thine.

I am dying, Egypt, dying;
Hark! the insulting foemen's cry;
They are coming; quick, my falchion,
Let me front them ere I die.
Ah! no more amid the battle
Shall my heart exulting swell;
Isis and Osiris guard thee,
Cleopatra! Rome! Farewell!

COTTON GIN HORSE POWERS.

WE BEG LEAVE TO INVITE THE ATTENTION OF COTTON PLANTERS TO OUR

IMPROVED EIGHT-FEET STATIONARY POWER.

FOR

DRIVING COTTON GINS.

It is SIMPLE, STRONG and COMPACT, and can be easily put together. We sold a large number last season and the demand is constantly increasing.

The following letter from Col. HOOD, of Surry County, speaks for itself:

* * * * * It is with much pleasure that I state, your Gin Horse Power bought last season proved an entire success.

I applied a 13 feet lever and 6 feet band wheel to a 45 saw Gin, and *one pair of ordinary mules* which *improved on constant work*, and with slow gait of team gave sufficiency of speed; a capacity to gin about 4,000 per day.

The wear and tear in ginning 60 bales of cotton is not perceivable—do not think it could be estimated at 2 per cent. It was put up and geared by one of the best machinists in the State, who pronounced it superior to any patent he had seen; also, several gentlemen familiar by long use of gins, have examined it and decided to lay aside their old powers and order this pattern of you.

Yours, most respectfully,
WM. H. HOOD.

RAILROADS.

ATLANTIC & N. C. RAILROAD
AND
NORTH CAROLINA
GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the ATLANTIC & N. C. RAILROAD. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $295,000 per annum.

Under a resolution of the Stockholders of the N. C. Railroad, all Freights are to go *via* Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are only sixty miles from the shipping point, instead of one hundred and sixty *via* Weldon, and eighty *via* Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE have recently agreed to unite in a

GREAT THROUGH LINE

Route to all the Northern Markets, on equal terms and charges, *via* our own ports to and from the North.

Cars run through to all points without breaking bulk.

Notice to Shippers of Freight.

THE SEABOARD INLAND AIR LINE

Via Portsmouth, Va.,

IS THE ONLY **DIRECT LINE** BETWEEN Boston, New York, Philadelphia, Baltimore and the Carolinas.

It is express in point of speed and safety of Freights, being from

FORTY TO SEVENTY HOURS

in advance of all other lines, and at as low rates. It offers daily communication with Baltimore, daily communication with Philadelphia.

Five Steamers each week to and from New York.

Two Steamers each week to and from Boston.

It is the only line having these advantages, and by which there is but one handling of freight.

Cars are loaded at the wharves in Portsmouth and are run through to destination.

Be careful to direct your Consignors to ship only

From Baltimore, by the Norfolk or Bay Line Steamers, foot of Union Dock.

From Philadelphia, by the Annamessic Line, Philadelphia, Wilmington and Baltimore Depot, or by Clyde's Line, 14 South Delaware Avenue.

From New York, by the Old Dominion Steamship Line, Pier 37 North River.

From Boston, by the Norfolk Steamship Line, end of Central Wharf.

All losses, damages, or overcharges promptly adjusted on application to

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the *ten Thousand* shippers in North and South Carolina will testify. We paid the State near Seven Hundred thousand Dollars for her interest in this road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

A Cheap Cotton Press.

FARMERS, BEFORE YOU BUY A PRESS OR build a Screw, enquire into the merits of the

GODWIN COTTON PRESS.

Hear what the following reliable gentlemen say:

I have seen Mr. J. H. Godwin's Cotton Press work at Mr. P. E. Smith's plantation, and it does all that he says it does in his advertisement, and more. I think it superior to any other mode of packing Cotton, and saves both time and labor.
W. R. SMITH.

I have used the above mentioned Press, and consider it the best I ever saw for packing Cotton.
THOS. J. VAUGHAN.

I have packed about 100 bales of Cotton with Mr. J. H. Godwin's Cotton Press, and take pleasure in recommending it to the farmers as a great labor-saving machine. It does not cost more than half as much as a Screw, and is worth twice as much.

It is so convenient, and takes fewer hands to do as much work as a Screw. I would pay the price of a Press rather than allow a man to put up a screw on my place for nothing.
D. EDMONDSON.

I have used the above mentioned Cotton Press, and it does better than a Screw. Takes less hands, does not waste Cotton, and is much cheaper.
J. H. CURRY,
Sup't W. H. Smith's Plantation.

I have packed about 70 bales with Godwin's Cotton Press, and am certain it is the best, cheapest, most compact and durable Press in existence, costing only half, at first, and lasting twice as long as a Screw.
PETER E. SMITH,

I have never seen the Cotton Press of Mr. Jno. H. Godwin at work, but have no doubt, from the certificates of the gentlemen above, that it performs all they say of it. I know them to be gentlemen of character and veracity, and that their statements are entitled to credit
RICHARD H. SMITH.

The last name is one of our most honorable and respectable citizens, well known as a former member of the Legislature. I offer this PRESS as combining more advantages for packing than any now in use; it is adapted to large or small farms, and is so simple and cheap, that any good mechanic can build it. It is well adapted to

WATER-POWER.

It is 10 or 11 feet wide, 3 feet and 3 inches thick; top of frame above ground, 16 feet; highest point of Lever, 18 or 19 feet. The platform on which the bale is turned out, is 10 feet above ground.

Length of box, 10 feet in the clear.

Length of bale 5 feet, by 2 feet 4 inches. Weight 500 or 600 lbs. It is put up flat against the Lint Room, thereby preventing the scattering of the Cotton and need of baskets.

The Press is chiefly built of scantlings.

The Inventor has spared no pains in his experiments to make it practicable, convenient and cheap. I charge

$25 for a Single Right.

The total cost, including cover and everything, is about $150. Much of that, farmers are not in the habit of including as cost.

I think I can sell County rights at about $10 by the hundred.

SUPPLEMENT TO THE STEVENS-SHERMAN-SHELLABARGER BILL.

AN ACT supplemental to an act entitled an act to provide for the more efficient government of the rebel States, passed March 2, 1867, and to facilitate restoration.

Be it enacted, &c., That before the first day of September, 1867, the commanding general in each district defined by the act to provide for the more efficient government of the rebel States, approved March 2, 1867, shall cause a registration to be made of the male citizens of the United States, twenty-one years of age, and upwards, resident in each county or parish in the State or States included in his district, which registration will include only those persons who are qualified to vote for delegates by the act aforesaid, and who shall have taken and subscribed the following oath or affirmation:

"I, ——, do solemnly swear, or affirm, in the presence of Almighty God, that I am a citizen of the State of ——; that I have resided in said State for —— months next preceding this day, and now reside in the county of ——, or the parish of ——, in said State, as the case may be; that I am 21 years old; that I have not been disfranchised for participation in any rebellion or civil war against the United States, nor for felony committed against the laws of any State or of the United States; that I have never been a member of any State Legislature, or held any executive or judicial office in any State, and afterwards engaged in insurrection and rebellion against the United States, and given aid or comfort to the enemies thereof; that I have never taken an oath as a member of Congress of the United States, or as an officer of the United States, or as a member of any State Legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, and afterwards engaged in insurrection or rebellion against the United States, or given aid or comfort to the enemies thereof; that I will faithfully support the Constitution and obey the laws of the United States, and will, to the best of my ability, encourage others so to do. So help me God."

which oath or affirmation may be administered by any registering officer.

Sec. 2. That after the completion of the registration hereby provided for in any State at such time and place therein as the commanding general shall appoint and direct, of which at least thirty day's public notice shall be given, an election shall be held of delegates to a convention for the purpose of establishing a constitution and civil government for such State loyal to the Union; said convention in each State, except Virginia, to consist of the same number of members as the most numerous branch of the State Legislature of such State in the year 1860, to be apportioned among the several districts, counties, or parishes of such state by the commanding general, giving to each representation in the ratio of voters registered as aforesaid as nearly as may be; the convention in Virginia shall consist of the same number of members as represented the territory now constituting Virginia in the most numerous branch of the Legislature of said State in the year 1860, to be apportioned as aforesaid.

Sec. 3. That at such election the registered voters of each State shall vote for or against a convention to form a constitution thereof under this act. Those voting in favor of such a convention shall have written or printed on the ballots by which they vote for delegates, as aforesaid, the words "for a convention;" and those voting against such a convention shall have written or printed on such ballots the words "against a convention." The persons appointed to superintend said election, and to make return of the votes given thereat, as herein provided, shall count and make return of the votes given for and against a convention; and the commanding general, to whom the same shall have been returned, shall ascertain and declare the total vote in each State for and against a convention. If a majority of the votes given on that question shall be for a convention, then a convention shall be held, as hereinafter provided; but if a majority of said votes shall be against a convention, then no convention shall be held under this act: *Provided*, That such convention shall not be held unless a majority of all the registered voters shall have voted on the question of holding such convention.

Sec. 4. That the commanding general of each district shall appoint such loyal officers or persons as may be necessary, not exceeding three in each election district, in any State, to make and complete the registration, superintend the election, and make return to him of the votes, lists of voters and of the persons elected as delegates by a plurality of the votes cast at said election; and upon receiving said returns he shall open the same, ascertain the persons elected as delegates according to the returns of the officers who conducted said election, and make proclamation thereof; and if a majority of the votes given on that question shall be for a convention, the commanding general within sixty days from the date of election, shall notify the delegates to assemble in convention at a time and place to be mentioned in the notification, and said convention, when organized, shall proceed to frame a Constitution and civil government according to the provisions of this act, and the act to which it is supplementary; and when the same shall have been so framed, said Constitution shall be submitted by the convention for ratification to the persons registered under the provisions of this act, at an election to be conducted by the officers, or persons appointed by the commanding general as hereinbefore provided, and to be held after the expiration of thirty days from the date of notice thereof to be given by said convention, and the returns thereof shall be made to the commanding general of the district.

Sec. 5. That if, according to said returns, the constitution shall be ratified by a majority of the votes of the registered electors qualified as herein specified, cast at said election, at least one-half of all the registered voters voting upon the question of such ratification, the president of the convention shall transmit a copy of the same, duly certified, to the President of the United States, who shall forthwith transmit the same to Congress, if then in session, and if not in session, then immediately upon its next assembling; and if it shall moreover appear to Congress that the election was one at which all the registered and qualified electors in the State had an opportunity to vote freely and without restraint, fear or undue influence of fraud, and if Congress shall be satisfied that such constitution meets the approval of a majority of the qualified electors in the State, and if the said constitution shall be declared by Congress to be in conformity with the provisions of the act to which this is supplementary, and the other provisions of said act shall have been complied with, and the said constitution shall be approved by Congress, the State shall be declared entitled to representation, and Senators and Representatives shall be admitted therefrom as herein provided.

Sec. 6. That all elections in the States mentioned in the said "Act to provide for the more efficient government of the rebel States," shall, during the operation of said act, be by ballot; and all officers making the said registration of voters and conducting said elections shall, before entering upon the discharge of their duties, subscribe an oath faithfully to perform the duties of their said office, and the oath prescribed by the act approved July 2, 1862, entitled "An act to prescribe an oath of office:" Provided, That if any person shall knowingly and falsely take and subscribe any oath in this act prescribed, such person so offending, and being thereof duly convicted, shall be subject to the pains, penalties and disabilities which by law are provided for the punishment of the crime of wilful and corrupt perjury.

Sec. 7. That all expenses incurred by the several commanding generals, or by virtue of any orders issued or appointments made by them under or by virtue of this act, shall be paid out of any moneys in the Treasury not otherwise appropriated.

Sec. 8. That the convention for each State shall prescribe the fees, salary, and compensation to be paid to all delegates and other officers, and agents herein authorized or necessary to carry into effect the purposes of this act, not herein otherwise provided for, and shall provide for the levy and collection of such taxes on the property in such State as may be necessary to pay the same.

Sec. 9. That the word "article" in the sixth section of the act to which this is supplementary shall be construed to mean "section."
